An experience that truly serves your people

Access anywhere, anytime

We help members manage the situations they face in everyday life, whether big or small. With telephone, text, digital and in-person support, help is just a click or a call away. Employees can engage with us when they like, how often they like, and from wherever they like, so they can feel better faster.

Personalised support options

Emotional Wellbeing Solutions provides personalised, guided care through every step of an employee's journey. Our digitally enabled navigation creates a circle of support for your people, from self-care tools and coaching, to peer-to-peer support and mental-health resources.

Purpose-built for your organization

Our wellbeing solutions should be as unique as your organisation. We devote dedicated resources to your needs, whether that's apps and tools selected for a mobile-first workforce, or support in the language of the countries where your teams work.

“When I called, the reps on the phone were warm, caring and friendly. They listened without judgment and directed me to the proper resources. The process was seamless in connecting me with the help I needed quickly. It was a true lifesaver for getting myself back in balance.”

Surrounding each person with care

Emotional support is just as important at home as in the workplace. Your people's family members are covered and supported by Emotional Wellbeing Solutions tools and programmes, so each employee can be surrounded with a network of wellbeing every day.

A comprehensive collection of resources that goes wherever employees do

Our digitally enabled tools and programs give your people personalised, guided care through every step of their journey and help them feel more in control of their emotional wellbeing day-to-day. This digital front door collects all the resources they need into a single point of connection.

"A lot of the calls are regular people who are going through the hardest time in their lives. I will often be the first counsellor the member has ever talked to and usually, by the time they are calling, they really need some support. In this job, I get to give that support."
